

**Use this form for:**

- 16-Day Late Contribution Reports
- Ballot Measure Contribution Reports
- 90-Day Election Cycle and \$5,000 Reports

**16-Day Late Contributions Received or Made**

- Contributions that cumulatively total **\$1,000 or more from a single source received or made** during the 16 days immediately preceding the election in which the recipient candidate or ballot measure will be voted on must be reported as late contributions.
- Contributions totaling \$1,000 or more made to or received by a state or county political party committee must also be reported during the 16 days prior to **any** state election.
- These late reporting requirements apply to contributions made to or received by candidates, controlled committees and committees primarily formed to support or oppose a candidate(s) or measure(s). Both the candidate or primarily formed committee receiving the contribution, as well as the candidate or committee making the contribution, must file Form 497.

- Contributions that must be reported include monetary and non-monetary contributions, a loan, or any combination of monetary and non-monetary contributions and loans, including contributions or loans from a candidate's personal funds to his or her campaign.
- **Monetary contributions:** File Form 497 with the Secretary of State within 24 hours of making or receiving a late monetary contribution.
- **Non-monetary or in-kind contributions:** File Form 497 with the Secretary of State within 24 hours of **making** a late non-monetary or in-kind contribution. In addition, you must notify the recipient of the value of the contribution within 24 hours of the date the contribution was made. The notice of value sent to the recipient of the late non-monetary or in-kind contribution need not be filed with a filing officer, and there is no standardized form. The notice should be sent by personal delivery, fax or guaranteed overnight delivery.
- Those who **receive** a late non-monetary or in-kind contribution must file Form 497 with the Secretary of State within 48 hours of the date the contribution was received.
- In addition to electronic reports, paper copies of late contribution reports must be filed by fax, overnight delivery service or

personal delivery within 24 hours of making the contributions at the same locations where the committee files its regular (Form 460) campaign statements. Regular mail may not be used.

A late contribution report does not need to be filed when a transfer is made between two campaign committees for elective state office controlled by the same candidate.

**Ballot Measure Contribution Reports**

- A recipient committee that makes contributions totaling \$5,000 or more to support or oppose a single state ballot measure must file Form 497 electronically with the Secretary of State within 10 business days.
- The report must disclose the contribution(s) made as well as contributions received by the committee filing the report.

This report is not required to be filed by a primarily formed ballot measure committee making contributions to another primarily formed committee supporting or opposing the same measure or another measure on the same ballot.

<sup>1</sup> This form is for use by state candidates and committees required to file electronically with the Secretary of State.
